PRIMULA PLANTS

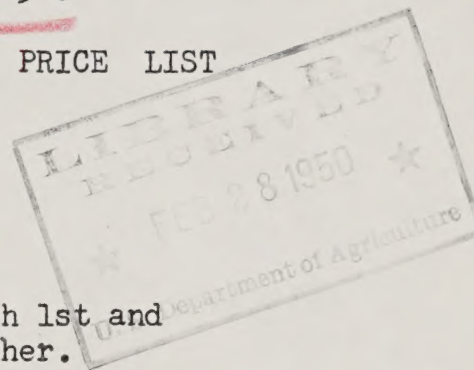

1950

1950

WHOLESALE PRICE LIST

Route 1, Box 76 - Oakville, Washington

Plants are shipped bare-root packed in damp moss, between March 1st and November 10th as weather permits; purchaser's risk in hot weather.

We have discontinued our wrapped plant service for seed stores due to labor and shipping costs.

The following quotations are for deliveries Spring of 1950; f.o.b. Oakville, Wash.

<u>SPECIES</u>	<u>PRICE</u>	
	per 10	per 100
denticulata caschmeriana India	\$ 1.70	\$ 15.00
Large globular heads of lilac-blue, 18 to 25 inch stems bare of leaves. Large, mealed basal leaves.		
We are SOLD OUT of denticulata caschmeriana alba for the year 1950. Will have more next year.		
juliae (the true specie) Caucasus	2.30	
Very dwarf mats of glossy foliage. Florets claret with yellow eye. Appearance much like wild violets.		

DOUBLE ACAULIS HYBRIDS

Double lavender	2.50	23.00
Plants with somewhat small foliage. Flowers are very double rosettes borne on individual stems 6 inches or more in length. Desired by florists for corsage work.		
Double white	2.50	23.00
Foliage slightly larger than the lavender form. Flowers very double, clear white; slight pink blush with age.		

JULIANA HYBRIDS

Primrose Lodge	1.60	15.00
Ever popular, dwarf; rich violet-red polyanthus type flowers. Crinkled, dark green, heart shaped leaves.		
Wanda	1.60	15.00
Large leaved; starry deep violet flowers.		

BERGENIA (Saxafraga Magasea)

Cordifolia Sieberia	1.70	15.00
Large, fleshy, oval to heart shaped glossy leaves turning reddish in winter. Nodding cymes of rosy purple cup shaped flowers. Desirable foliage plant.		
Crassifolia Sieberia & Mongolia	3.30	
Light rose flowers partly hidden by leaves in late winter. Sharp toothed leaves.		

For Mail Shipments allow 1-1/2 cents per plant for caschmeriana and Bergenia to points in second zone; 1 cent per plant, other varieties. Further points about double.

Route 1, Box 10 - Oakville, Washington
